Dear House Staff Officer,

We have some exciting news about a new benefit that will give you peace of mind by safeguarding your personal data. We are offering a new, robust identity theft program that will help protect you and your family from these crimes.

Our identity theft benefit protects you and your family starting on your Hire Date.

In 2018, 14.4 million consumers were victims of identity fraud and 3.3 million of those people were responsible for paying some of that liability. These victims' out-of-pocket fraud costs more than doubled from 2016 to 2018 to $1.7 billion, according to the Insurance Information Institute.

We want to ensure that our members never become part of those statistics. Our new Identity Force program offers expanded benefits that will:

- Continuously monitor your personal data to keep it secure
- Warn you before identity theft strikes with alerts on your computer, phone or tablet
- Offer comprehensive, 24/7 recovery services if identity theft does strike

- Make calls, complete paperwork, and handle every detail to restore your identity
- Cover dependent children though a unique "Childwatch" program

Our new partner, Identity Force, is notifying members via email about how to set up your account and create your new profile. Simply follow the link to get started.

Through our negotiations with our new vendor, we are able to offer this benefit at no cost to you. You may add your family members to your coverage for a nominal fee of $7.50 per month. If you have any questions about this program, please feel free to contact the Benefits Office:
