To ALL NURSING STAFF:

It is the expectation for Nursing Staff at NYC Health + Hospitals/Bellevue to start peripheral IV lines for patients. After two unsuccessful attempts by RN, it must be escalated to HN/ADN. The Vascular PICC team will then be responsible inserting peripheral line. The PICC Team can be paged on (212) 562-4100 beeper number 1187 and instructions to reach team has been posted on units and shared with leadership teams.
